

THE SUNRISE DAGGER ABEL MONTERO

THE SUNRISE DAGGER

Book Two in the Memories of Kenjir series

The empire is splintering, and the gods' dominion grows weaker with every passing day. Out of the chaos, old loyalties fracture, new dangers emerge, and the line between faith and betrayal blurs beyond recognition.

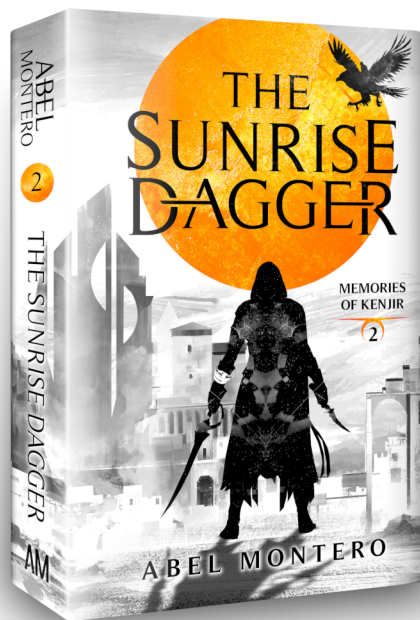

For **Andik**, survival means constant flight. Pursued across the empire, he follows a trail of secrets that lead him closer to the truth behind the rebellion against the gods. But the deeper he digs, the clearer it becomes that the divine order may have been built on a terrible lie—one that could shatter not only his loyalty but the empire itself.

In the shadows of the uprising, **Eshfen** wrestles with revelations that shake the foundation of everything he has fought for. Once a master of schemes and manipulation, he now stands on the edge of a truth so devastating it could unravel the rebellion before victory is even within reach. Caught between duty and discovery, he must decide whether to preserve the cause—or burn the world down in pursuit of something greater.

Far from the heart of power, **Darjin** flees through hostile cities and dangerous streets, her past failures pressing down with every step. She longs to rebuild the fragile bond with her brother, yet survival demands choices that push her further away from who she once was. Each city offers new dangers, new betrayals, and a stark truth: she may have to sacrifice her soul in order to save her life.

Meanwhile, in Napur's glittering but cutthroat court, **Shadi** enters a world of ruthless politics where every word is a weapon and every ally conceals a blade. Trapped in a deadly game of power and betrayal, she must learn to navigate the treacherous waters of empire—and discover how much of herself she is willing to lose to endure them.

Darker, sharper, and more ambitious than The Crimson Fire, The Sunrise Dagger plunges readers into a world of unrelenting action and devastating intrigue. Secrets unravel, alliances fracture, and loyalties are tested to the breaking point. As gods bleed and mortals rise, the fate of an empire—and the dawn of a new age—hangs in the balance.

THE SUNRISE DAGGER ABEL MONTERO

Why Readers Will Love The Sunrise Dagger

If *The Crimson Fire* set the stage with rebellion, loyalty, and sacrifice, *The Sunrise Dagger* raises the stakes to breathtaking heights. This sequel is darker, bolder, and more action-driven, plunging characters into impossible choices and revelations that shake gods and mortals alike.

Here's what makes *The Sunrise Dagger* a must-read:

Relentless Action & High Stakes

From city-wide chases to deadly duels in palace halls, danger stalks every corner. Survival isn't guaranteed—and betrayal is never far away.

Political Intrigue at Its Sharpest

Napur's court is a crucible of secrets and lies. Nobles, rebels, and spies circle each other in a deadly game where one wrong word can mean ruin.

Character-Driven Drama

Andik uncovers conspiracies that unravel everything he once believed.

Eshfen grapples with earth-shattering revelations that threaten the rebellion.

Darjin runs from her failures through hostile cities, where every stop tests her spirit.

Shadi risks everything in a political arena where trust is a weapon.

Epic Themes & Bold Tropes

Gods among mortals — but not beyond betrayal

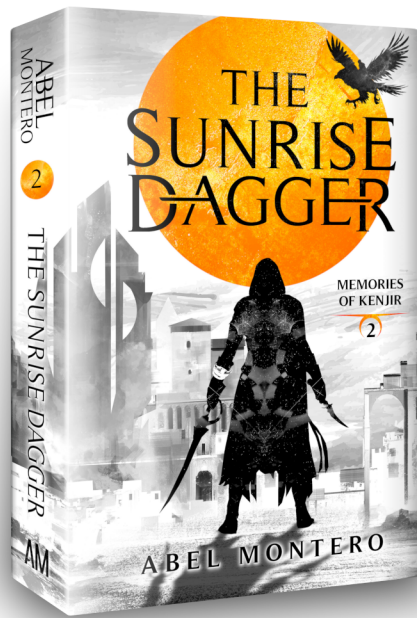

Found family fractured by war

The bodyguard and the noblewoman forced onto diverging paths

Enemies-to-allies tension where trust can save—or destroy—empires

The chosen path vs. the chosen self

The Sunrise Dagger is a sweeping tale of rebellion, survival, and the price of truth. With shocking twists, ruthless intrigue, and characters pushed beyond their limits, this is a sequel that doesn't just raise the stakes—it redraws the battlefield.
